

# The Olde Richmond Inn

Established 1984

**Welcome!** The Olde Richmond Inn (The Grothouse Residence) was built by Ferdinand Grothaus in 1892. The house was built with the help of the "South-End Dutch" wood craftsmen and masons who lived in the neighborhood at the time. The home features seven unique dining rooms and three fireplaces with Italian decorative tiles popular in the late 1800's. The extensive stained glass wall located near the main entrance originated from the "Roland-Swisher" building on North 10th and E Streets. The unique chandelier in the north dining room originates from the home of Micajah Henley, inventor of the roller-skate, patented in 1881. This fixture was converted from gas lighting to electric use. Other custom designed stained glass fixtures have been the work of craftsmen from Richmond and Cincinnati.

Since opening in 1984, The Olde Richmond Inn has expanded its bar side dining area and added a banquet facility for groups of up to 100 guests. Private dining rooms are available and we offer seasonal patio dining. Our experienced catering service is available for off-premises events of up to 650 guests.

The Olde Richmond Inn is dedicated to providing our customers with fine food in a gracious and professional manner. Our chefs are skilled in classic cooking techniques and with this in mind, we humbly ask your patience and hope you enjoy your dining experience with us. Chef Galo Molina & Staff
